

RVP Int'l TITAN

Introduction for Regional Vice President & Circle of Champions Member Mr. Matt Rasmussen

At this time I would like to introduce our special guest speaker. This gentleman is one of the elite people within the company.

This gentleman is a Regional Vice President which puts him in the top one quarter of one percent of money earners in the world.

He is a Circle of Champions Member. This title is only held by 15 individuals around the world and means he works directly with the Co-Founders of ACN on the future plans for the company.

If that wasn't enough, for the work he has done in the Asian Pacific Region he has been recognized above and beyond every other person in the history of the company with two awards that were created just for him and his accomplishments.

He is a family man with 4 amazing children. He is also just a ton of fun to be around.

Most importantly though he just loves helping people and that is why he is here this evening to share this incredible information with us tonight.

So please, rise to your feet and help me welcome to the front of the room, Top Producing Circle of Champions member and Regional Vice President.....Mr. Matt Rasmussen.
